FAST TRAIN ON FRISCO ROAD LEAVES RAILS AND TURNS OVER, NEAR ROLLA

The Wreck Catches Fire
and Several Passen-
gers Perish.

Speeding Down Long
Grade Known as
Dixon's Hill.

Twenty Injured in An-
other Wreck on the
Same Road.

St. Louis, Sept. 30.—The eastbound fast passenger train on the Frisco road, known as the Meteor, due here at 11:30 p. m., left the track and turned over while speeding down a heavy grade, known as Dixon's hill, about 130 miles west of here, this morning. It is reported the wreck caught fire and many passengers perished.

A long distance telephone message from Rolla, Mo., twenty-five miles east of the scene of the wreck says a special train containing physicians, nurses and fire fighting apparatus was made up and rushed to the wreck in response to an appeal for aid. It was reported the entire train was burning.

Stanton, Mo., Sept. 30.—The south-bound Texas limited train on the Frisco road left St. Louis early yesterday evening and collided with a freight train, two miles from here, shortly before midnight, and about twenty persons were injured, three of whom may die. The freight train was loaded with cattle, and a large number of the animals were crushed to death. Both locomotives were damaged, and the freight train was trying to make a siding at Anacanda on short time when the passenger train dashed around a curve at full speed. The engineers of both engines had barely time to put on the air brakes and jump.

LONGSHOREMEN STRIKE.

About 500 Engaged in Handling Cotton at New Orleans, Qui.

New Orleans, Sept. 30.—About 500 longshoremen and teamsters went on a strike here on the river front today when the crews of the Leyland and Austro-American line steamers started steaming cotton in vessels. The strike was expected, the steamship agents having failed to make an agreement with the union men. Other union laborers besides the screw men, longshoremen and teamsters are interested, and it is probable that 500 men, representing practically every class of labor along the river, will become involved.

HARDWOOD FACTORY.

Foundation for the New Cohasset Industry is Being Laid.

Cohasset, Minn., Sept. 30.—(Special to The Herald.)—Although hampered by lack of competent help, the construction of the hardwood factory and mill here is making progress. The foundation for the main wood working factory is being laid. This is to be a building 40 by 180, with a boiler room about 40 by 40. The main building is to be a frame structure, twelve foot posts, with a manner of second story about twenty feet wide all the way along the middle of the building. The sides and ends of which will be windows and light for ventilation of the building.

The work on the other buildings has not yet commenced, but the sites are being cleared, and it will not be long before the work on them begins. W. L. Wood, one of the officers of the company, and a practical mechanic, is overseeing the work, and managing the business. Mr. Wood says that the greatest difficulty time is getting a sufficiency of competent help, as good laborers who are not employed are very scarce.

McKINLEY MEMORIAL AT CANTON, O., IS DEDICATED

Canton, Ohio., Sept. 30.—President Roosevelt arrived here to take part in the dedication of the McKinley memorial. An immense crowd was present at the station upon the train, the president and his party entered carriages and were driven to the Central high school.

The streets leading from the Pennsylvania station were lined by thousands of spectators. The streets were roped off and the crowd was forced to remain upon the sidewalks. Soldiers, one stationed every fifty feet, stood at attention, outside the ropes. The pavement was kept clear for the carriages and escort.

All along the line of march to the high school building, a band of about half a mile, the president was greeted by cheers and waving of hats and handkerchiefs. President Roosevelt arose repeatedly and when near the schoolhouse, stood up all the time, bowing and raising his hat in acknowledgment of the greetings tendered him.

CRUISER DAMAGED IN COLLISION WITH REFRIG- ERATOR SHIP AT PROV- INCETOWN.

Ground Tackle Gives
Way and Vessel Hits
Des Moines.

Provincetown, Mass., Sept. 30.—The refrigerator ship Glacier, and the collision off Barnstable, yesterday, during the northeast storm, passed up the bay today bound for the Charlestown navy yard.

The Glacier was at anchor with the rest of the fleet, at the head of the bay yesterday, when her ground tackle began to give way, and before she could stem ahead she collided with the Des Moines. The cruiser had her stem badly damaged, and was raked along her starboard side by the Glacier, losing two davits and the boats which were on them.

The actual damage to the Glacier could not be ascertained here today. Both vessels were sent to Boston for repairs.

MOTOR BOAT STARTS DOWN DRAINAGE CANAL.

Chicago, Sept. 30.—The motor boat Lizzie B left here today via the drainage canal and the Illinois river, bearing a message from Mayor Busse to President Roosevelt at St. Louis. The trip will be as rapidly as possible in order to know the possibilities of navigating the canal from Chicago toward the Gulf of Mexico. The boat will run at night, picking her way down the Illinois and the actual damage to the Glacier could not be ascertained here today.

Several other boats will accompany the Lizzie B on the trip.

FEMALE GETS NOTHING.
La Crosse, Wis., Sept. 30.—A decision was handed down today in the matter of the will of the late Gustave W. Engel, a wealthy business man recently deceased. After the estate of Engel, which included a claim of \$250,000 against the property. The court disallowed the claim in full.

As he neared the school building the 1,700 children, grouped and dressed to represent the national flag, arose in a body and sang "America."

The presidential party and escort counter-marched in front of the children. Upon the return, the president's carriage stopped a moment while President Roosevelt saluted the children. They returned the salute with cheers.

Contrary to expectations, the president did not stop to speak, but was driven directly to the reviewing stand, where the parade passed. The parade began at 10:30 a. m., and occupied about one hour and a half in passing.

The parade was in charge of Senator Charles Dick, chief marshal of the day.

President Roosevelt, surrounded by members of the reception committee, other committees, distinguished guests and others, admitted only by ticket, occupied a central position in the grand stand.

Gen. R. B. Brown, past commander-in-chief of the G. A. R., and staff, occupied a prominent place in the parade, as did the Twenty-third Ohio volunteer infantry, President McKin-

A DENIAL BY TAFT

That Relations Between
United States and Japan
Have Been Strained

Will be Made in His
Speech at Municipal
Dinner.

Tokio, Sept. 30.—Secretary Taft, in the course of his speech at the municipal dinner to be given in his honor tonight, is expected to deny emphatically the reports that the relations between the United States and Japan were at any time strained. This has developed as a result of the publication in the Asahi of a special dispatch from London asserting on high authority, that the Washington statement was "laced with the hectoring attitude of Japanese officialdom, hence the dispatch of the American battleship fleet to the Pacific and the changed tone of the Japanese since the orders were issued." In view of the extremely friendly attitude of the Japanese towards Mr. Taft, the publication of the dispatch caused uneasiness and surprise here. The Japanese newspapers sent representatives to Mr. Taft, who immediately said he would give a reply in his speech tonight.

Mr. Taft has been engaged all the morning in writing his speech. He was the guest at luncheon today of the war minister, Lieut. Gen. Terauchi.

The program mapped out for Secretary Taft has again been changed. He and his party will leave Tokyo for Kobe Wednesday at 6:30 p. m.

Havana, Sept. 30.—The small band of rebels which have been traversing the country in the vicinity of Mayari, in the northern section of Santiago province, has, according to late dispatches, again exchanged shots with the pursuing rurales. The latter are close on the heels of the bandits.

While there are signs of unrest in various parts of the island, the opinion prevails here that no serious disturbance is likely. In commenting on the situation, the Diario De La Marina says:

"A combination of unpleasant circumstances, having no link one with the other, appears to make the situation at first sight more serious than it really is. Each one of the problems that at present confront the administration—the yellow fever epidemic, the conspiracy of Parra, Mirel and Ducaes, the existence of bands of outlaws in the country, and the railway strike—is of an alarming character, but except for the tendency of the strike to become general and stop railway communication throughout the island, these events are of no great importance in themselves."

Philadelphia, Pa., Sept. 30.—Two games played between Philadelphia and Detroit today may decide the disposition of the American league pennant. The race has about narrowed down to Philadelphia and Detroit. Chicago has a chance, but it is only a remote one. Unless Detroit or Philadelphia suffers a big slump, the world's champions have little chance of taking the leadership again.

Detroit and Philadelphia each has seven games to play before the season ends. Detroit goes from here to Washington for four games and thence to St. Louis for three. Cleveland comes to Philadelphia for four games, after which the Athletics go to Washington to close the season with three games.

After today's two games, the leader has only to win four of seven to clinch victory, unless Chicago has an unexpected rally and climbs on the leader. Philadelphia's season will end Saturday, and Detroit plays St. Louis Sunday, with Chicago and Cleveland playing at Cleveland.

The batting order was as follows: Detroit—Jones, 1. f.; Schaeffer, 2b.; Crawford, 3. f.; Cobb, r. f.; Rossman, lb.; Coughlin, 3b.; Schmidt, c.; O'Leary, s. s.; Donovan, p. Philadelphia—Hartzel, 1. f.; Nicholls, s. s.; Seybold, r. f.; Davis, lb.; Mur-

phy, 2b.; Collins, 3b.; Oldring, c. f.; Schreck, c.; Dygert, p.

Umpires—O'Loughlin and Connolly.

Famous London Caterer
Comes to America With
Sensational Story.

New York, Sept. 30.—Joseph Lyons, a famous English caterer, who provides the lord mayor's annual banquet, and controls more than 100 restaurants, including the Trocadero, Ritz and the Throgmorton, known to the London stock brokers as the "Thieves' kitchen," has arrived in this city to find a publisher here for a faithful tale which is his pride. His story, "The Master Crime," caused a sensation in Great Britain when it was published. It purported to show how easy it would be to break the Bank of England.

Seven years ago Mr. Lyons caused some stir in the London restaurant world by opening a cafe in Piccadilly in which no tips were allowed. To the surprise of the waiters it was a great success. He is an energetic man, about 15 years old, who started his profitable business career with a small eating house in Walbrook twenty years ago. Now he keeps 300,000 persons a day.

Great Game Between Athletics and Tigers.

Called at End of Seventeenth Inning.

Philadelphia, Pa., Sept. 30.—Two games played between Philadelphia and Detroit today may decide the disposition of the American league pennant. The race has about narrowed down to Philadelphia and Detroit. Chicago has a chance, but it is only a remote one. Unless Detroit or Philadelphia suffers a big slump, the world's champions have little chance of taking the leadership again.

Detroit and Philadelphia each has seven games to play before the season ends. Detroit goes from here to Washington for four games and thence to St. Louis for three. Cleveland comes to Philadelphia for four games, after which the Athletics go to Washington to close the season with three games.

After today's two games, the leader has only to win four of seven to clinch victory, unless Chicago has an unexpected rally and climbs on the leader. Philadelphia's season will end Saturday, and Detroit plays St. Louis Sunday, with Chicago and Cleveland playing at Cleveland.

The batting order was as follows: Detroit—Jones, 1. f.; Schaeffer, 2b.; Crawford, 3. f.; Cobb, r. f.; Rossman, lb.; Coughlin, 3b.; Schmidt, c.; O'Leary, s. s.; Donovan, p. Philadelphia—Hartzel, 1. f.; Nicholls, s. s.; Seybold, r. f.; Davis, lb.; Mur-

phy, 2b.; Collins, 3b.; Oldring, c. f.; Schreck, c.; Dygert, p.

Umpires—O'Loughlin and Connolly.

FIRST INNING.
Detroit—Jones out. Collins to Davis. Schaeffer flied to Oldring. Crawford beat an infield hit and Cobb flied to Oldring. No runs.

Philadelphia—Hartzel singled and stole second. Nicholls sacrificed and Seybold walked. Davis drive was too hot for O'Leary, and Hartzel scored. Seybold on second. Murphy singled, filling bases. Collins flied to Jones, and Seybold scored on the out. Oldring doubled and Davis tallied. O'Leary threw Schreck out. Three runs.

SECOND INNING.
Detroit—Rossman singled. Dygert made a bad throw of Coughlin's grounder. Schmidt sacrificed and O'Leary hit Dygert. Schreck dropped Dygert's throw to plate and Rossman scored. Dygert was taken out and Waddell substituted. Jones struck out. Schaeffer struck out. One run.

Philadelphia—Waddell struck out. Hartzel flied to Crawford. Donovan got Nicholls. No runs. Score: Detroit, 1; Philadelphia, 3.

THIRD INNING.
Philadelphia made two runs. Score: Detroit, 1; Philadelphia, 5.

FOURTH INNING.
No runs.

FIFTH INNING.
Philadelphia made two runs. Score: Detroit, 1; Philadelphia, 7.

SIXTH INNING.
No runs. Score: Detroit, 1; Philadelphia, 7.

SEVENTH INNING.
Detroit made four runs. Philadelphia one run. Score: Detroit, 5; Philadelphia, 8.

EIGHTH INNING.
Detroit—Payne flied to Nicholls. O'Leary doubled and stole third as Donovan struck out. Jones singled. O'Leary scoring. Schaeffer fouled out. One run.

Philadelphia—Hartzel grounded to Schaeffer. Nicholls struck out. Seybold flied to Crawford. No runs.

NINTH INNING.
Detroit—Crawford singled. Cobb hit a home run scoring Crawford ahead of himself. Plank took Waddell's place. The score was now tied. Nicholls threw Rossman out. Coughlin flied to Hartzel. Murphy got Payne. Two runs.

TENTH INNING.
Philadelphia—Nicholls doubled. Davis out. Jones struck out. No runs. Philadelphia—Oldring and Powers fanned. Donovan got Plank. No runs. Score: Detroit, 8; Philadelphia, 8.

ELEVENTH INNING.
Detroit—Schaeffer grounded. Crawford struck out. Cobb doubled. Rossman singled, scoring Cobb. Coughlin flied to Davis. One run.

Philadelphia—Hartzel flied to Jones. Nicholls doubled. A wild pitch put Nicholls on third. Seybold walked. Davis flied to Jones, scoring Nicholls. Murphy walked. Collins out. Rossman to Donovan. One run.

TWELFTH INNING.
Detroit—Payne singled. Plank got O'Leary's pop fly. Donovan flied to Nicholls. Plank hit Jones. Schaeffer beat Murphy's throw and bases were full. Hartzel got Crawford's hit. No runs.

Philadelphia—Oldring and Powers struck out. Plank flied to Jones. No runs. Score: Detroit, 9; Philadelphia, 9.

THIRTEENTH INNING.
Detroit—Cobb flied to Nicholls, who also got Rossman's grounder. Coughlin walked. Payne struck out. No runs.

Philadelphia—Hartzel doubled and was caught napping. Nicholls and Seybold struck out. No runs. Score: Detroit, 9; Philadelphia, 9.

FOURTEENTH INNING.
Detroit—O'Leary out. Davis to Plank. Donovan to Nicholls. Davis. Jones flied to Oldring. No runs.

Philadelphia—Davis doubled into the crowd. The Detroit team ran in, claiming Crawford was interfered with. In a mix-up Rossman struck

Monte Cross, who was coaching. The Philadelphia players and the crowd rushed on the field and Rossman was put out of the game. Umpire O'Loughlin called Davis out on account of the crowd's interference with Crawford. The crowd of 25,000 was worked up to an intense pitch of excitement and the police had trouble in quelling the multitude. From the score's box it looked as though the police had Rossman in charge. The Detroit team refused to play until Rossman was put back on first base. The umpire refused to let Rossman play and Kilaian went to first base. Murphy singled. Collins grounded to Schaeffer and Oldring flied to Crawford. No runs. Score: Detroit, 9; Philadelphia, 9.

FIFTEENTH INNING.
Detroit—Schaeffer singled and Crawford sacrificed. Cobb was purposely walked. Mullin batted for Kilaian and flied to Seybold. Coughlin forced Cobb in. No runs.

Philadelphia—Crawford played first and Downs went to center. Powers grounded to Donovan. Plank singled. Hartzel flied to O'Leary. Nicholls was safe on O'Leary's fumble. Seybold fanned. No runs. Score: Detroit, 9; Philadelphia, 9.

SIXTEENTH INNING.
Detroit—Payne flied to Nicholls; O'Leary singled. Nicholls threw Donovan out. Jones struck out. No runs. Philadelphia—Davis flied to Schaeffer and Murphy to Cobb. Collins grounded to Schaeffer. No runs. Score: Detroit, 9; Philadelphia, 9.

SEVENTEENTH INNING.
Neither side scored in the seventeenth and the game was then called on account of darkness.

Score: R. H. E.
Detroit 9 18 8
Philadelphia 9 18 8

WAS NO MUTINY.

Russian Ships Sent to Sea Because of Terrorist Incident.

St. Petersburg, Sept. 30.—The chief of the naval staff today denied the report from Odessa of a serious mutiny on board the Russian fleet at Sebastopol. The official added, however, that in view of the excitement caused by the sensational incident at the Sebastopol barracks, yesterday, when three terrorists, disguised as officers, penetrated into the barracks in an attempt to provoke a mutiny among the troops, and the disclosure of the fact that a revolutionary propaganda was in progress among the crews of the warships, it had been deemed wise to send the fleet to sea on a practice cruise.

The terrorists who entered the Sebastopol barracks fired upon the officers, mortally wounding Capt. Movtsov, severely wounding another officer named Polietoff, and succeeded in escaping.

NO INTENTION
Of Resuming Control of Esquimaux Fortifications, Say British.

London, Sept. 30.—Reports have been appearing in the London newspapers for the past week, from Canadian sources, that the British admiralty intended to re-establish a naval base at Esquimaux, British Columbia. Replying to inquiries today, officials of the admiralty said there was no foundation for the rumors, adding that there was no intention either of resuming control of the fortifications at Esquimaux, which were taken over by the Canadian government, or of increasing the strength of the British fleet in Pacific waters.

George Alomone Pounds Torpedo With Rather Painful Results.

International Falls, Minn., Sept. 30.—(Special to The Herald.)—George Alomone, one of the surfacing gang on the M. & I. road, who had just been paid off, was walking along the track, when he came across a torpedo. He pounded it with a rock to see what it was, when the explosive went off, tearing two of his fingers so badly that they had to be amputated.

WEATHER FORECAST—Partly cloudy tonight and Tuesday; warmer tonight; fresh easterly winds.

After all, the retailer is the man you must depend upon for clothes. If you write the maker who advertises he will refer you to some retailer. If the clothes go wrong and you write the maker he will refer you again to the retailer.

The retailer is your friend—your neighbor—and if he knows his business he will serve you more acceptably than any maker in Chicago or New York.

We know our business. We know good clothes, good values, good style. Oak Hall clothes are of these. They're better than we could give if we were "agents" for a maker—and much better value.

Oak Hall hand-made suits, \$15.00 to \$35.00, and overcoats, \$15.00 to \$40.00, are the cleverest clothes in Duluth. If anything goes wrong with 'em, we make it right, right on the spot. No waiting to confer with the maker.

If you depend upon The Oak Hall for clothes you'll have satisfaction—and you'll save money.

SWAMP LAND CASES ARE BEGUN
Title to 2,000 Acres of Land is Involved.

Five of the celebrated "swamp" land cases were begun this morning in the contest room of the United States land office, before Register Engle. Nearly 2,000 acres of land were put in issue. D. J. Arpen and William Scott of Grand Rapids, Wis., were two of the contestants, and the others were William O'Brien, John J. Jacobson, by George F. Sanborn, Mary E. Coffin, and Peter B. Jordahl, by George F. Sanborn, attorney in fact.

All of the contestants claim that certain so-called "swamp" lands in town 57, range 10, are not really swamp. D. J. Arpen and William Scott had seven cases against the state, involving twenty-two tracts, while William O'Brien had seven cases involving seventeen tracts. The amount of land involved in the other cases was not as great.

It has been the claim of the state that the land is swamp, and that people have lied upon it, and are now contesting the state's claim.

For the state, Attorney C. S. Wilson appeared this morning, while none of the contestants were represented. The state's attorney moved that judicial notice be taken of the deed notes of the survey of the land and the state's selection, and further moved that the claim of the state that the land is swamp be sustained. This motion was taken under advisement by Register Engle, and the case continued.

Where to buy Rugs

I can save you 40 per cent or better on any rug, and am offering for this week your choice of twenty-five rugs, worth from \$20.00 to \$65.00 at stores, for \$25.00 each.

Remember, I give you a written guarantee, that rugs bought of me will be exchanged within three years, if not perfectly satisfactory. So why buy a doctor's rug? Buy a rug that has been washed with acids to cause it to appear antique, for it will be only a matter of a few months before it is worthless, being eaten up by the acid.

Call and let me show you the proof.

THE MARKET IS ERRATIC

Opens Weak, Rallies, Declines, and Then Closes Stronger.

Rumors of Big Metal Contracts at 16 Cents.

Copper stocks were active during the market session today and at the close they were stronger. Weaker at the opening on a decline in the London metal, they rallied, only to go off again. However, during the latter part of the business day, the tone improved. There were rumors to the effect that General Electric company and another large consumer of copper had made contracts for the metal at 16 cents a pound. This helped the bullish market.

There was more activity than usual in one or two of the unlisted stocks on the local curb, too.

North Butte opened at \$4.50, went to \$4.50, declined to \$4.50, rallied to \$4.50 and closed at \$4.50 bid and \$4.50 asked.

Anaconda opened at \$57.75, declined to \$57.25, rallied to \$59.50, went off to \$57.75 under heavy pressure, but rallied by the close of \$59.25, closing at \$59.25 bid.

Greene-Canaan was up and down during the day. It sold as high as \$3.87 1/2, declined to \$3.87 1/2 and closed at \$3.87 1/2 bid and \$3.87 1/2 asked.

Butte Coalition opened at \$15, declined to \$14.87 1/2, rallied to \$15.50 and closed at \$15.50 bid and \$15.50 asked.

Calmnet & Arizona opened at \$108.00, went to \$109.00, declined to \$106.25 and closed at \$108 bid and \$109 asked.

Anaconda opened at \$55.50, declined to \$56.25, rallied to \$58.37 1/2 and closed at \$58.37 1/2 bid and \$58.37 1/2 asked.

Superior & Pittsburg sold at \$10, declined to \$9.62 1/2, rallied to \$10 and closed at \$10 bid and \$10.12 1/2 asked.

There was active trading in Denn-Arizona during the day. The buying here was on the report of a good strike at the mine. Denn-Arizona sold at \$4.87 1/2 at the opening, went to \$5.62 1/2, declined to \$4.12 1/2 and closed at \$5.12 1/2 bid and \$5.25 asked.

Globe Consolidated sold at \$7 and advanced to \$7.87 1/2, closing at \$7.87 1/2 bid and \$7.87 1/2 asked.

Warren & Superior closed at \$3.25 bid and \$4 asked. Butte & Superior at \$1.75 and closed at \$1.62 1/2 bid and \$1.75 asked.

Copper Queen of Idaho at \$1.12 1/2 and closed at \$1.06 bid and \$1.12 1/2 asked.

Keweenaw went inactive and closed at \$1.50 bid and \$2.50 asked. Hancock at \$5 bid and \$6.50 asked; Carmichael at \$2.50 bid and \$3.50 asked; Calumet & Sonora at \$3 asked; Nipissine at \$3.75 bid and \$6.25 asked; and Chitana at \$1.75 bid and \$1.75 asked.

Black Mountain sold at \$5.50 and \$5.75, closing at \$5.50 bid and \$5.75 asked. The report that a dividend would be declared within a few weeks having been denied by the officials, it seems that the rumor that a strike of ore running \$2 to \$3 to the ton was authentic, and the cause of the activity in Black Mountain for the past week.

The story about the \$2 and \$3 ore is true. The first good ore found at Black Mountain ran \$2 and \$3 to the ton.

H. W. Fisher has received word from the Denn-Arizona property to the effect that a soft formation of manganese clay has been encountered at a depth of 125 feet, and that it looks very promising. The 120-foot level station has been put in, and it is expected there to find the ore body that was encountered in the shaft.

STATE TO SELL MUCH TIMBER

Fifty Million Feet of Pine to be Disposed Of.

St. Paul, Minn., Sept. 30.—(Special to The Herald.)—On Oct. 31 State Auditor Iverson and the timber board will place on the market approximately 50,000,000 feet of Minnesota pine timber. It will be sold at auction at the state capitol and knocked down to the highest bidder. For the purpose of selecting and tabulating the tracts the timber cruisers in the employ of the state are now assembled at the capitol, and this was followed this afternoon by a meeting of the timber board for approval purposes. The amount of timber to be sold is about the same as last year. It is expected, however, that a much higher price per thousand will be obtained than last year, because of the growing scarcity of good pine. It is the annual sale.

HONEYMOON IN JAIL.

Minneapolis Court Officer Arrested on Wedding Tour.

Emmett Goff, a Minneapolis municipal court officer, was arrested this afternoon by four big Duluth policemen as he stepped off the 2:10 train from the Twin Cities with a young woman. The charge against him is that he had been taken to the Central station.

The truth of the case is that he was married at Minneapolis, and the Minneapolis and Duluth cops are playing a joke on him.

STORM CAUSES TWO DEATHS ON WARSHIPS.

Boston, Sept. 30.—Wireless dispatches received at the Charlestown navy yard today from the Atlantic squadron in Capt. Coe bay tell of two

fatalities in the fleet, due to the storm that raged yesterday.

Lieut. John M. Frise of the battleship Illinois was thrown against a hatch and so badly injured internally that he died today. On board the Minnesota a seaman, name unknown, was washed overboard and drowned.

THOSE WHO HAVE PASSED BEYOND

New Richmond, Wis., Sept. 30.—John Smith, the contractor of St. Croix county, and the second settler in Northern Wisconsin, is dead at the age of 103.

Milwaukee, Sept. 30.—Gilbert E. Overton, aged 62, said to be a wealthy San Francisco man, who was making a tour of the East, died at the Plankinton house, this city, late last night. Heart failure is believed to have been the cause of death.

Louisville, Sept. 30.—F. B. Converse, editor of the Christian Observer, reputed to be the oldest religious newspaper in the world, died today of a heart attack. Mr. Converse was 71 years old, and had just rounded a half century of service with the Observer. He was a cousin of John H. Converse, president of the Baldwin locomotive works. He leaves a widow and four sons.

GOVERNOR GOES TO MEET PRESIDENT.

St. Paul, Sept. 30.—Governor Johnson left today for Keokuk, Iowa, to take part in the reception at that point to be given President Roosevelt. From there he will go to St. Louis and thence to Memphis to take part in the water ways convention. Mrs. Johnson will accompany him. It was reported better this morning.

Y. M. C. A. School Opens.

The Y. M. C. A. night school opens this evening for the fall term, at the association building. Registration has been active during the last two weeks, and nearly all the classes have a full list of members. Several new courses have been added to the year, which increase the popularity among the young men of Duluth.

WILL NOT WITHDRAW.

Norfolk, Va., Sept. 30.—J. M. Barr, director general of the Jamestown Exposition company, who recently resigned his office, in a letter made public today, finally declines to withdraw his resignation.

A BOOMERANG JOKE.

"On our return trip to New York on the old and new Chicagoan," "some one told Mark Twain, on a rough, windy morning, that he looked like a boomerang."

"I'm not a boomerang," said the humorist, "but I am a boomerang."

"Then Mark Twain laughed his short, gruff laugh and told us all a story. He began by saying that it never paid, either in jest or earnest, to tell people things that did not look well."

He said there was a practical joker in a certain New York office, who had been put up with a practical joke on the bookkeeper, a quiet, steady, serious man. The bookkeeper, every one told him, was a very good fellow, and he looked very, very bad indeed. It was a wonder what office he worked in.

"It was a bad August morning when the office was started."

"Ain't ye well, Mr. Quill?" he asked. "Yes, of course," said the boy. "Why, ye look so pale," said the boy. "I feel all right," said the boy, and he put on his seersucker office coat and set to work. But when the cashier asked him what made him such a queer color, he said his heart felt strange.

"So, for an hour or two, Quill was tormented with anxious, unquiet, full of gloomy forebodings, about his health. And finally, when he was in a bad way, he threw down his pen and hastened to the office of the chief. He was gone, perhaps, for a few minutes. Then he came back again in the chief's company."

"Men," said the chief, raising his hand to command the attention of all. "Mr. Quill is feeling better. I have granted him a ten days' leave of absence. Please arrange to divide his work, equally among you till he returns."

MOOSE ATTACKS A HORSE.

Kennebec, Me., Journal: Three young men from Milford, Me., went out to spend the day and left their horse standing under the shade of the whiplash pines while they communed with nature some little distance away. They were startled by the neighing and snorting of their steed, and upon reaching the spot where the animal was they witnessed an exciting encounter between a bull moose and the horse.

The monarch of the forest just happened along and found the horse connected on his domain, and very naturally resented the intrusion. He made a run for the unfortunate steed and a box-on collision was the result. The horse was a fine specimen of his kind, and he was a good deal of a fighter. He was a good deal of a fighter. He was a good deal of a fighter.

Both animals sat down suddenly to think the matter over, the moose from the surprise of the shock, and the horse because he lost his balance, and it would doubtless have gone hard with the latter, which was lumbered with the harness and riding boots of the young men, as upon the forest king with veils just as he was about to return to the stable upon his helpless adversary. Any one who remembers the noise which a Milford horse can make when he is in a bad way, will pardon the moose for his sudden and undignified retreat.

RUSH WITH 2000 ROBES.

Kennebec, Journal: Robert Bowker of the Tacoma clubhouse in Winslow started the year with an attempt to raise 2,000 robes on his horse, which has been his care for several years. The last robe was plucked Sunday.

A careful count has been kept of the robes which have been taken from the bush with the knowledge and consent of the janitor and they figure a plucked robe is believed that enough robes have been taken by people passing in the street to have made the grand total at least 2,000.

ADDRESS BY PRESIDENT

Delivered at the Dedication of the McKinley Memorial.

He Pays a Strong Tribute to the Martyred President.

Canton, Ohio, Sept. 30.—After the parade this forenoon, luncheon was served to the president. Leaving the Auditorium after the luncheon, the presidential party and guests of the day proceeded directly to Monument hill, two miles west of the city. On this ride the president was accompanied by Vice President Fairbanks, Secretary Loeb and Justice Day. Carriages containing the others followed.

The site of the McKinley mausoleum is nearly a mile from the nearest street car line. Thousands of unofficial visitors boarded cars after the parade and started toward Monument hill. This gave them ample time to reach the monument by the time the presidential party had arrived, although they were compelled to forego their luncheon.

The crowd was massed round the Central grandstand, but only ticket-holders were admitted. Both in the city and at the monument there were also private grand stands, but which admission was charged at a high figure. Some of these were authorized by the memorial committee on the condition that a percentage of the proceeds be devoted to the National McKinley Memorial association, to be used toward meeting the expenses of the day.

A varied program of exercises was carried out, including several speeches.

President Roosevelt paid a strong tribute to William McKinley as citizen, soldier, congressman, governor and president. "We," said the president, "not only a leader of men, but pre-eminently a helper of men; for one of the most marked traits was the intensely human quality of his wide and deep sympathy."

"From the standpoint of broad human sympathy taught us by the martyr-president," President Roosevelt continued, "there is only one other thing as important as the encouragement of a spirit of envy and hostility toward honest business men, toward honest means; this is the discouragement of the chicanery and wrongdoings which are peculiarly repulsive, peculiarly noxious, when exhibited by those who have no excuse of want, of poverty, of ignorance, for their crimes."

"Men of means, and above all men of great wealth, can exist in safety under the peaceful protection of the state, only in order to do so, they must be able to defend themselves through and under the law."

"It is these men who, more than any others, stand in the interests of the class to which they belong, in the interests of their children and their children's children, seeking every way, but especially in the conduct of their lives, to inculcate and to build up respect for the law. It may not be true from the standpoint of some particular individual of this class, in the long run it is pre-eminently true from the standpoint of the country as a whole, that it is a veritable calamity to achieve a temporary triumph by violation or evasion of the law. We are the best friends of the man of means who shows ourselves the staunchest upholders of the rights of property, when we set our faces like flint against those offenders who do wrong in order to acquire great wealth or who use this wealth as a help in wrongdoing."

"Wrongdoing is confined to no class. Good and evil are to be found among the rich and the poor, and in drawing the line among our fellows we must draw it on conduct and not on worldly possessions."

In the abstract most of us will admit this. In the concrete, we find upon such doctrine only if we really have the courage to meet it as it is, and another, if both the wage worker and the capitalist are able to enter each into the other's shoes, to meet it as it is, and to get into genuine sympathy with him, most of us are ready to do so. But when we find that the man of means will disappear and its place will be taken by a judgment broader, juster, more kind, more generous, more for each will find in the other the same essential human qualities that exist in the man of means. President McKinley's peculiar glory as it actual practice he realized this as it in the concrete. He was a man who felt a genuine sympathy with the man of means, whatever their station or work in life, so that to his living actions, to his very words, to his great brotherly democracy of the spirit, it is not given to many of our lives actually to realize this attitude to the extent that he did; but we can at least have it in our hearts as the goal of our endeavor, and by so doing we shall pay honor better than in any other way to the memory of the dead president whose services in life was this day commemorated.

WORKMEN FIND A SKELETON

Human Bones Discovered at Bottom of Post Hole.

While digging a post hole this morning in the vicinity of Thirteenth avenue east and Fourth street, some workmen for the Zenith Purcase company discovered the skeleton of a human being.

The ground is the site of an old cemetery, which was moved to Woodland a number of years ago, and it is evident that the work of removing the bodies was not thoroughly done. Boys have found a number of human bones in the vicinity, while digging in a gravel bank here during the last few weeks.

The health department was notified, and the city engineer, who has been told that they could select another site for their pole, and the hole was filled in, leaving the remains untouched.

Feminine Fashions

Our tailor-made showing is of high degree and includes a broad latitude of choice. The smart semi and snug-fitted models hold equal favor with the smart dressers. Braiding, either in the tailor-bound edges or the elaborate designs, is strikingly stylish but not at all essential, as some of the smartest Fall Garments are void of trimming. To be brief, we might simply say that each individual garment does justice to our prestige as leaders in the ready-to-wear line.

TAILORED SUITS

The models are so varied and numerous that we fear designating each by its trade name would perhaps prove wearisome to the chance reader. However, a few distinct types are the semi and snug fitted styles in the medium and long coat models. But each garment reflects the dominating fashion thoughts of Fall. A few examples selected at random are as follows: One is a forty-two-inch semi-fitted Coat Suit of mannish worsted in a five-button style—pert breast pockets, rounded side pockets, double vent back trimmed with buttons. Lined throughout with white Peau de Cygne and interlined. Full plaided skirt, hung "frankly short." This suit is very "trim" and in good taste for many kinds of wear—price \$49.50.

A contrastingly rich and elaborate Suit is of black silk velvet, with a 50-inch coat in Redding style. It is handsomely trimmed with military braid effects and the edges trimmed with military inch-wide braid. The large pocket labels are in the George Washington style. It is lined throughout with white satin. The skirt is plaited and braid trimmed.

Underwear
From the Most Reliable Makers
Our silk and wool grades are all spring-needle knitted, from the best selected yarns, and are knit to conform to the lines of the body.

The stocks include world-renowned makes such as Merode, Kayser and Lewis—prices from 50c to \$1.00.

We have Coats of every description. Fur, Imitation Fur, Fur Lined, Fur Trimmed, Cloth and Silk Coats; also Evening Wraps in all colors, shades and textures. The showing of popular Street Coats is particularly large and varied. Prices from \$15 to \$50.

Autumnal Skirts
Broadcloth, Voile and Panama

The handsome Imported Broadcloths, with their highly lustrous finish and smooth texture, are exceedingly "rich." The modes include the highly-favored plaited styles, trimmed in various designs with self-material or taffeta. Prices \$12.50 to \$32.50.

Taffeta Petticoats—Five Styles at \$5.00
These skirts are made of a very fine quality of taffeta, in the following styles: Pin-tucked, accordion plaited, shirred, ruffled and compound ruffles.

It came in. The foreman handed me a piece of paper with the word 'guilty' written on it.

"Well, gentlemen, you find him guilty, do you?" I asked.

"No, said, judge, no, said, 'We found him not guilty,' spoke up one of the jurymen. Then he added, with disgust, 'I told that fool nigger he was tearin' up the wrong piece of paper.'"

men in Topeka, who could neither read nor write. But we did find them, and the case went to trial.

"Before the jury retired, I took two pieces of paper and wrote 'guilty' on one piece and 'not guilty' on the other, and instructed the foreman of the jury to destroy the one he did not want to be used and to return the other to me when the jury reached a verdict. The jury was out only a few minutes, when

courtroom was in Topeka.

"One day an old negro man was being tried in the justice court—that was before the office of police judge was created—and he demanded a trial by a jury of his peers. He could neither read nor write, and the lawyer insisted that the jury, to be his peers, as required by law, must be unable to read or write, too. 'No, avoid dispute I agreed to it, but we had a time finding twelve

Bigger and Better Than Ever—Greater Values Than Ever—Because We've Made It So.

Last spring's Drug and Medicine Sale at this store was the biggest thing of its kind ever known in Duluth—and we might be content to simply measure up to that volume of business in the sale which begins tomorrow—but we're not. It's plain to be seen that we'll far exceed that mark. Even since that time we've been planning a broader sale with still closer prices on highest grade goods, and we are free to predict, that the results as they favor the public will be so splendidly evident that this sale will far surpass any former attempt. If you are in doubt as to the best place to buy—make comparisons of quoted prices and you'll be quickly satisfied that

WHERE TO GO TONIGHT.

LYCEUM—Mack-Leone players in "Secret Service."
METROPOLITAN—Empire burlesquers.

"SECRET SERVICE."

Mack-Leone Players Present Famous War Drama.

If the Mack-Leone players are ever at a loss completely for a new play, they might go on in an impromptu effort, making up the plot as they go along.

Yesterday afternoon "Secret Service" was the bill at the Lyceum, but the author would scarcely have recognized his poor tortured lines when the afternoon was over.

It served, however, to show the ability of the members of the company in "stalling" and some of their feats in this line were truly marvellous. At times all of the people on the stage were completely "founded," but the scene would always be saved by a heroic effort on the part of one of the members of the company, and they would deliver manufactured lines in a telling manner, until they caught their cue and continued the scene.

It is unfortunate that the company has so little time to prepare a play. They have no opportunity to display the talent they possess, but are compelled to contentedly rack their brains for the lines.

In the evening the play went more smoothly, and by tonight the company

will doubtless be able to give a fine production.

"Secret Service" is a splendid old drama, and the Mack-Leone players, on this, are capable of giving it a most commendable production. The members of the company rehearsed until 4 o'clock Sunday morning, trying to get the production in shape for presentation, and they were at it again this morning shortly after daylight, but it was a mental impossibility to master the four long acts of such a play in the time at their disposal.

The Burlesquers.

The Empire Burlesquers, with a good laughing and singing show and a splendid bill of vaudeville acts, opened a new season of engagement at the Metropolitan yesterday afternoon. Then and even now, the theater was crowded and the entertainment gave general satisfaction.

Roger Imhof is a prime favorite in Duluth and this season he appears to better advantage than ever before. He is the author of both the burlesques which are given, and in them he essays the leading comedy roles, an arrangement that finds much favor.

"Casey, the Piper" is the title of the opening skit. Imhof is seen in his familiar role of Mike Casey. Mr. Imhof's stage Irishman is never offensive. He does not appear with his face made up to resemble a monkey's and encircled with a fringe of red or green whiskers, but his Michael Casey is a characterization which is not a caricature. The half a dozen musical numbers are well chosen and well sung by principals and a large chorus.

"The Slave Mart" is quite a pretentious after-piece. The scene is laid in Turkey, and the scenic equipment and costumes are elaborate. Roger Imhof, Ed Johnston and George Klein as three touring Americans, create most of the laughs. Emma Weston, Suzanne Corline and Jeanette Buckley have the leading feminine roles.

Emma Weston and her perfectly good contralto voice furnish the first number of the olio. She has three very good songs. Ed Johnston and Jeanette Buckley

will amuse with fifteen minutes of tomfoolery.

Roger Imhof and Suzanne Corline give a short, but funny sketch portraying the experiences of an Irish peddler in "A Strange Hotel."

Connolly & Klein get many laughs with their jokes, dancing and piano-playing, which is of the dandy-shod variety.

Montomah and Harfals conclude the olio with an eccentric acrobatic turn that is really good.

Green Room Gossip.

Isabel Irving in "The Girl Who Has Everything" will be the attraction at the Lyceum Tuesday and Wednesday. Miss Irving left a very favorable impression as a charming comedienne when she visited Duluth last year, and her play this year is new and said to be the best in which she has yet appeared.

Tickets are now on sale for the Killies band which will give two concerts in Duluth on Thursday under the auspices of Chan Stewart.

"The Heir to the Moor" will return to Duluth for three performances Friday and Saturday.

Occasional headache becomings, had taste in the mouth, lack of appetite and nervousness are symptoms of indigestion which, when allowed to go uncorrected, will develop into a case of dyspepsia, that will take a long time to get rid of. Kodol will make your food do you good and will enable you to enjoy what you eat. All druggists.

HOLD STATE SESSIONS.

Minnesota Presbyterians Will Meet in First Church Next Week.

The state synod of the Presbyterian church will meet next week in Duluth, the sessions being held in the First Presbyterian church East Second street.

The sessions will begin Wednesday evening, Oct. 8, and continue until Saturday evening of the same week.

Clergymen from all over the state will be present and plans are being made to secure some prominent speakers from outside to address the synod while it is in session. The business sessions will be held in the mornings and afternoons and the evenings will be devoted to open meetings.

John Filbakka Gets Rough Greeting on Entering Saloon.

David Filman was arrested Saturday night charged with assault upon a young Finn, named John Filbakka, who is still nursing a bruised cranium, the result of coming in contact with a beer bottle he claims Filman hurled at his head in a Lake avenue saloon Saturday night.

The young Finn had quit work for the week and with his earnings dropped in to refresh himself and purchase for the crowd.

He had no more than entered the place when a quart beer bottle whizzed across

FOUR PLUMBERS ARE ARRESTED

Started Fight in Saloon Opposite the Police Station.

Four plumbers, giving their names as Edward Dougherty, Olaf Nyquist, Paul Heitman and William McGuire, came to a saloon Saturday night, and in the future will probably select a more secluded spot to settle their differences. They were seen by a policeman on duty at the police station, and Chief Troyer happened to be looking across the street from the police headquarters Saturday evening when the row started and calling Ltut. Fritz and Officer Nelson he sprinted across the street and into the midst of the belligerents without word or parley.

The four men were arrested and hustled across to the station where they put up bail for their appearance this morning. McGuire pleaded guilty this morning and was fined \$10 and costs.

Nyquist forfeited his bail, Heitman was fined \$3 and costs, and the case against Dougherty was dismissed.

FOUNDATION STONE LAID

For Magnificent Cathedral of Saints Peter and Paul.

Washington, Sept. 30.—Yesterday witnessed two events here of general interest to the religious world at large and especially to the Episcopal church. The first and chief of these events was the laying of the foundation stone of the Cathedral of Saints Peter and Paul at Mount St. Alban, Wisconsin avenue. The other was the great open air service on the same grounds under the auspices of the International Convention of the Brotherhood of St. Andrew, which brought to a close the convention which has been in session here for the past week. The corner stone laying was under the guidance of the Episcopal church in America.

With befitting ceremony and solemnity, the foundation stone of what promises to be equal in point of architecture and outlay the most magnificent cathedral in the world was laid at noon.

Among the distinguished people assembled besides President Roosevelt and Bishop Ingram, were J. P. Morgan, Chief Justice Fuller of the United States supreme court, Associate Justice Brewer, Secretary of the Navy Metcalf, Secretary of the Interior Garfield, Admiral Rixey and President Neahm of the George Washington university.

Among the prelates who took part in the exercises were Right Rev. A. F. Winington Ingram, the lord bishop of London, who delivered the salutation; Bishop Satterlee of the diocese of Washington, who performed the ceremony of laying the foundation stone; Rev. D. S. Tuttle, presiding bishop of the American church; Right Rev. J. N. McCormick, bishop coadjutor of Western Michigan.

President Roosevelt was among the early arrivals and occupied the chair of honor, the property of Bishop Satterlee, was brought to this country from England some 400 years ago.

BROWN HAS NERVE.

Dragged in Runaway Until Flesh is Torn From Hip, He Pulls Through.

Crookston, Minn., Sept. 30.—(Special to The Herald.)—W. J. Brown, the ditch foreman for R. A. Elzy of Marshalltown, Iowa, who had such an awful experience, near Donaldson, last Friday evening, was brought to Crookston last evening, and is at St. Vincent's hospital. Physicians here say

his nerve is the most wonderful on record. He was driving a team back to the camp from Donaldson, when a trace came unhooked. He leaned over the dash board to hook it, when the dash board gave way and he fell forward, his clothing catching in the circle. He grabbed for the reins, but could reach but one, and this turned the horses back toward Donaldson. They ran at breakneck speed back to town, a distance of three miles, dragging Brown over the rough ground.

No bones were broken, but about three pounds of flesh was worn away on one hip, leaving the ball and socket joint bare, and about a pound and a half of flesh was worn away just below one knee. He lay at Donaldson for several hours before a physician could be summoned, and was brought here after the wounds had been temporarily dressed.

He was conscious when he arrived here, and talked with his friends, and even when the team was caught in

Donaldson was able to tell just how the accident happened.

Physicians state that his pain must be tortuous, but he has not complained of his suffering once. There is not a spot on his body that is not bruised. The case is without parallel for a man to survive such an awful experience. Brown is single, 32 years of age, and his former home was at Marshalltown, Iowa.

TO BEAUTIFY CLOQUET.

Cloquet, Minn., Sept. 30.—(Special to The Herald.)—The Cloquet Civic Improvement association has been reorganized and at a meeting held Thursday evening, J. E. Lynds was elected president and F. V. Inskeep, secretary. The object of the association is to beautify Cloquet, that is to make it more comely by improving lawns, and by having more and better selected flowers and shrubbery.

SCHEDULE ANNOUNCED

Series of Farmers' Meetings Will Begin Oct. 19.

First Institute at the Jean Du Luth Stock Farm.

The St. Louis County Farmers' institutes will be started Saturday, Oct. 19, and meetings will be held every day for a week, Sunday excepted, at various places in the county most accessible to the farmers.

The first meeting will be held at the Jean DuLuth stock farm, a few miles out of Duluth on the East Duluth and Lester river road, Saturday, Oct. 19. The institute will be held under the direction of Prof. A. J. McGuire, superintendent of the state experimental farm at Grand Rapids, who will be assisted by several other prominent agricultural and dairy experts.

Monday morning, Oct. 21, the institute party will leave Duluth in a special car for two Harbors, Lake county, where a meeting will be held during the forenoon in the courthouse. The Lake county people have secured quarters for an exhibit at that time of their farm and garden products.

The institute party will leave Two Harbors Monday evening, and Tuesday morning, Oct. 22, will hold a meeting for the farmers at the schoolhouse in the town of Embarrass. In the afternoon the party will proceed to Biwabik where a meeting will be held at Kelsey in the forenoon and at that place.

From Biwabik the party will be transferred to Virginia and thence to Zim where another meeting will be held Wednesday afternoon.

The return to Virginia will be made Wednesday evening, and Thursday, Oct. 24 a meeting for the farmers at Ashawa will be held between trains at that place.

Thursday evening the institute party will return to Virginia, and Friday morning, Oct. 25, a meeting will be held at Kelsey in the forenoon and at Albion in the afternoon.

The last meeting will occur at Adolph Saturday morning, Oct. 26. This institute party will be a series of farmers' institutes has been held in the county, and if they are a success they will become a regular thing every year hereafter, arrangements being made to hold them often.

All farmers, and everybody else that is interested in agriculture and dairying is urged to attend these meetings and to advertise the same among their friends and neighbors, for on the first time that a series of farmers' institutes would not take an interest in them, but heretofore when such gatherings were held in the large places it was a difficult matter to get a good turn out of the farmers, many of them living too far from the larger places and not being in a position to spare the time and expense of attending.

The present series of meetings has been arranged with a view of getting the institutes right into the heart of the farming districts so that there will be no excuse for non-attendance on account of the expense of railroad transportation.

An excellent feature about the institutes is the fact that those in charge have arranged to have interpreters at every meeting who will assist anybody who has difficulty in understanding the speeches made in English language. A special invitation is extended to the Finnish farmers of the county, of whom there are a large number.

This is an opportunity that the farmers and dairymen of the county have never had before, and if they do not make the most of it, they will regret a long time in getting another such chance to hear experts along the various lines of agriculture and dairying give their experience, furnish instruction and answer any questions that may be puzzling to some of the newer settlers who are not yet fully acquainted with the conditions of soil, climate, etc.

WANTED TO HIRE—ONE LARGE OR TWO small regular things, between the fifth and twenty-fourth avenue west, about Third street. 1513 West Superior street.

BADLY HURT IN AUTO ACCIDENT
Machine Operated by W. T. Bray Runs Into the Curb.

W. T. Bray and W. A. Hunt, two well known local architects, are suffering from serious bruises received in an automobile accident, which occurred Sunday, on Superior street, and Mr. Bray will be confined to his home for some time as the result.

The machine was bowling along merrily down Superior street when in attempting to avoid a collision with a wagon, between Lake avenue and First avenue east, Mr. Bray lost control of it and it dashed into the curb.

Both men were thrown to the pavement unconscious. They were taken to their homes in a carriage, and medical aid summoned. Mr. Hunt sustained a severe wrench of the right leg and other bruises. Mr. Bray was badly shaken up and bruised about the body. The machine was badly demolished.

Earlier in the day Mr. Bray, while attempting to stop a leak in the gasoline tank, was severely burned by the oil becoming ignited from a cigar, and but for the prompt action of Mr. Hunt might have been fatally injured.

DIED FROM INJURIES.
Edward Larson, Lineman, Passed Away at St. Luke's Sunday.

Edward Larson, the man injured by the pole which was being removed in the West end some weeks ago, passed away at St. Luke's hospital Sunday afternoon.

Larson was assisting in the removal of the pole when it slipped, striking him across the back. He was taken to the hospital and thought to be getting along well when the back by internal injuries were manifested Saturday, and he died late Sunday afternoon. His relatives are thought to reside in Minneapolis, and the police of that city have been requested to locate him if possible.

STOP WOMAN AND CONSIDER

First, that almost every operation in our hospitals, performed upon women, becomes necessary because of neglect of such symptoms as Backache, Irregularities, Displacements, Pain in the Side, Dragging Sensations, Dizziness and Sleeplessness.

Second, that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has cured more cases of female ills than any other medicine known. It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life.

Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Lydia E. Pinkham's Vegetable Compound

For more than 30 years has been curing Female Complaints, such as Dragging Sensations, Weak Back, Pain in the Side, Displacements, Inflammation and Ulceration, and Organic Diseases, and it dissolves and expels Tumors at an early stage.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham in advising. Thus she is especially well qualified to guide sick women back to health. Write today, don't wait until too late.

CASES OF INTEREST

USE OF BIBLE IN SCHOOLS—A limited use of the Bible in the public schools is approved by the Texas court of civil appeals in Church vs. Bullock, 100 Southern Reporter, 102. It is there held that the constitutional guaranty of religious liberty is not violated by morning exercises in the public schools consisting of the reading, without comment, of nonsectarian extracts from King James' version of the Bible and by repeating the Lord's prayer and the singing of appropriate songs in which the pupils are invited but not required to join. Decisions from Kentucky, Kansas, Michigan, Iowa and Massachusetts are cited in support of the court's holding.

VALIDITY OF STATUTE REGULATING HORSE RACING—The United States circuit court of appeals for the Sixth circuit in Granger vs. Douglas, 100 Southern Reporter, 103, upholds a Kentucky statute, which, while exempting from its provisions track meetings or races conducted by private associations, prohibits the conducting of any running race in the state, except by a corporation or association licensed by the state racing commission, and empowers the commission to grant and reject licenses and to suspend or revoke them to fix the time for races between specified dates of the year, its action in certain matters to be subject to review by the courts.

NOTICE OF DEFECTS IN STREETS—In Vance vs. Kansas City, 100 Southern Reporter, 104, which was an action for injuries received by falling over building stones placed in a street, it appears that though the particular stones which caused the injury had been placed there on the day of the accident, the accident other loads had been left unguarded for three days, continuously maintaining the obstruction. Circumstances of the Missouri court of appeals held that the city was liable for the damage to the plaintiff's horse, as the load of stones was too short a time before the accident to impart constructive notice as to the location of the stones to the driver of the horse, so long as the obstruction was continuously maintained.

SATISFACTION OF INCUMBRANCES—That a recorder of deeds is liable on his bond for a neglect of the statutory requirements in entering satisfaction of incumbrances and depositions from the state at his own expense, the Missouri court of appeals holding in State ex rel. Phillips vs. Green, 100 Southern Reporter, 105, that the recorder is not relieved of his liability by the release of a deed of trust without requiring the production and cancellation of the note secured by the deed, or by payment by the fact that the vendee of the property accompanied the venditor of the deed to the recorder's office and remarked that they had come to satisfy the recorded mortgage.

EXCLUSION OF PUPILS NOT VACCINATED—The supreme judicial court of Massachusetts, in Hammond vs. Town of Hyde Park, 99 Northern Reporter, 40, upholds the right of school authorities, under the Massachusetts statute, during an epidemic of smallpox, pupils who are not vaccinated.

INSURANCE CONTRACT AS ENTIRE OR SEVERABLE—The California supreme court in the recent case of Boorger vs. Southern California Life Insurance Co., 99 Pacific Reporter, 130, expresses its approval of the doctrine prevailing in jurisdictions that where property insured is so situated that the risk on one item cannot be separated from the risk on another, the entire contract is enforceable, and the risk on one item does not affect the risk on the others, the policy must be regarded as entire.

REMOVAL OF FURNITURE BY UNLAWFUL METHOD—The New York supreme court, in Mader vs. Helmenauer, 100 Southern Reporter, 106, upholds the right of a tenant who has, with the landlord's sanction, removed a large plate glass which formed part of the lease, even though the removal does not give rise to a claim for damages, if the removal is in the same manner as the termination of the lease, even though the removal does not give rise to a claim for damages.

TREASURY STOCKS—The New Jersey corporation act it has been held implicitly grants power to a corporation to purchase its own shares for legitimate purposes, but in Knickerbocker Importation Co. vs. Knickerbocker Importation Co., 99 Atlantic Reporter, 93, the New Jersey court of errors and appeals has held that the corporation to acquire its stock to be held as treasury stock.

CENSUS RETURNS AS EVIDENCE—The absence of official birth records in this country generally often makes it difficult to prove a person's age in our courts. Evidence of varying official records, in Tridley vs. Boyce, 99 Southern Reporter, 105, the Missouri supreme court gives its sanction to the use of properly certified copies of the United States census for this purpose.

LIFE PASS ON RAILROAD—A contract for transportation for life on a railroad, in consideration of the release of damages for injuries, is by the United States circuit court for the Western District of Kentucky in Moley vs. Louisville and Nashville Railway company, 100 Federal Reporter, 40, held not to be prohibited by the provision of the interstate commerce act of 1890, prohibiting the issuance of free transportation.

RELIGIOUS FAITH OF ADOPTED CHILD—The right of a mother to have her child brought up by her parents in her religious faith is considered to be a state as a general proposition by the supreme judicial court of Massachusetts in the case of the People vs. the Board of Education, 99 Southern Reporter, 107.

AMOUNT OF CHANGE TO BE CARRIED BY STREET CAR CONDUCTOR.
Passengers about to board street cars who have only bills of large denominations must take care to have them changed before tendering payment for their car fare, according to the decision of the Tennessee supreme court in Knoxville Traction company vs. Wilkeson, 99 Southern Reporter, 102, where it was held that a rule of a company fixing \$5 as the limit on the amount of change to be carried by a conductor is reasonable.

CARE REQUIRED IN HITTING TEAM ON HIGHWAY—In Caughlin vs. Campbell Damsel Banking company, 99 Pacific Reporter, 103, the Colorado supreme court says that a negligent person in leaving the team unattended on a public highway is liable for the damage to a horse if the horse is injured by a team of horses left standing on a street, the question of negligence is for the jury.

A Humane Appeal.
A humane citizen of Richmond, Ind., Dr. D. Williams, writes to the Herald, says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation. It saves more lives than all other throat and lung remedies put together. Used as a cough and cold cure, the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness and all phlegm, stops hemorrhages of the lungs and builds them up. Guaranteed at all drug stores. 50c and \$1.00. FIFTEEN LOSE THEIR LIVES
In Collision of Trains on the B. & O. Road at Bellaire.

Wheeling W. Va., Sept. 30.—Fifteen men were killed and a score injured, a number fatally, at Bellaire, Ohio, at 3:15 Saturday afternoon when the Chicago & Wheeling express train on the Baltimore & Ohio railroad crashed into a freight train which was moving slowly on a siding.

The dead: Ed Hinz, Wheeling; William Shaw, Wheeling; Carl Beran, 1785 Twenty-seventh street, Milwaukee, Wis.; T. N. Galbraith, freight engineer, Newark; Harry English, freight conductor, Newark; T. A. Dunlap, passenger fireman; W. J. Johnson, freight engineer, Newark; Harry English, conductor, Newark; W. C. Lafferty, Cambridge, Ohio; H. Peterson, Hoboken; John Smith, residence unknown. Four unknown.

The wreck was due, it is said, to the failure of an operator to throw a switch. This westbound freight had received orders to meet the passenger at the western limits of the Bellaire siding. At the point where the wreck occurred there is a very sharp curve which prevents the engineers of eastbound trains from seeing more than a few feet ahead.

The passenger train swung around the curve very rapidly, being three hours late, and should have gone on to safety on the main line. The switch to the siding, however, had not been turned and the train shot onto the siding, where it was unable to stop in time for the engineers to jump. The two big engines were reduced to junk by the impact.

MADE THEIR FORTUNE.
Former Duluth Residents Strike It Rich in the Klondike.

Mr. and Mrs. Hiram Chadwick, former residents of Duluth, have made their fortune out of mining in the Klondike. Mrs. Chadwick was in the city last night, a guest at the St. Louis, on her way to Alaska, where she is going to visit her brother, Capt. J. J. Hartman, of the steamship North Land, who resides at Duluth for thirteen years, moving to Seattle in 1897.

Mr. Chadwick became afflicted with the Klondike fever, and went to Alaska in the early days of the rush. He engaged in placer mining, and did so well that he was able to take his wife to the Northern land. They have done very well since then, and while their fortune has as yet assumed no very large proportions, they are in a position where they can see riches ahead of them.

CONCERNING WOMAN.

The prospectus for the year 1907-1908 for the Young Women's Christian association has been issued by the local Young Women's Christian association, and the many lines of endeavor which will be taken up again this year point to the fact that although the new building and equipment are not ready the very greatest efforts will be made to do the best work with the possibilities at hand. The prospectus is attractively printed, and the facts of interest concerning the association are briefly outlined.

The Bible classes that will be held during the fall and winter are as follows: The secretary's Bible hour; leader, Mrs. Wesley Footman, daily at 9 a. m.; Sunday afternoon at 5:15 p. m.; for young business women; leader, Miss Kezia Bennett, and Friday evenings at 6:45 o'clock the International Sunday school lesson is studied with Mrs. Footman as leader.

A series of eight lessons with Rev. Campbell Coyne has been arranged to be given Tuesday evening at 7 o'clock. The exact dates have not been decided upon, but the subjects are as follows: "God," "Sin," "The Atonement," "Redemption Through the Blood," "The New Birth," "Prayer," "The Duty of Jesus Christ," "The Holy Spirit," "Seven Rules for Daily Service."

The O. J. club will be reorganized and decide on a course of study. This year some special work will be done. "The World's Week of Prayer" will be planned for and conducted by the missionary department in November.

Mrs. B. A. Shuman of Buenos Ayres will speak at a Sunday afternoon meeting in October. Classes in current events, French and German, mathematics, as well as the regular domestic science lessons, lessons in cooking, dressmaking, embroidery and millinery. The various classes in physical culture for matrons, young business women, high school girls and children are being arranged.

LEAVES DULUTH.

Miss Bennett to Go to St. Paul as Associate Secretary.

Miss Kezia Bennett, general assistant secretary of the local Young Women's Christian association, has resigned her position with the Duluth organization to become associate secretary of the new Young Women's Christian association of St. Paul. Miss Bennett, in her work with the Duluth association, has become familiar with the work required as an association secretary, and the new organization at St. Paul will secure a capable worker well fitted to settle many of the problems that confront a new association. The St. Paul Y. W. C. A. has been organized since the campaign for the building fund of the local association values began. A building site valued at \$35,000 was donated by a St. Paul man, provided that \$200,000 was raised for the building within two years. The association was immediately organized, and at present has a membership of 1,300. A general secretary, an associate secretary and a physical director have been called to the work, and every effort will be directed to secure the \$200,000 within the specified time.

Miss Bennett will have entire charge of the cafeteria. She will go to St. Paul Wednesday to remain two days to consult with the committee in regard to the building plans of the dining room and kitchen for the temporary quarters. Miss Bennett will remain with the local association until Nov. 1, at which time her duties at St. Paul will be taken up. Her successor here has not been named.

WEEK END PARTIES.
Continue Popular at Spirit Lake Clubhouse.

Such a day as yesterday makes the Spirit Lake branch of the Duluth Boat club a resort that is greatly appreciated by the members and their friends. The week-ends during October will doubtless see a large number of guests at that delightful location. The three or four miles walk from the end of the street car line, which in the summer time was considered a bit tedious, is now regarded as a pleasant constitutional and appetizer for dinner there in the evening.

The week-end guests at the Branch were: Mr. and Mrs. G. E. Warren, Miss Annie G. Myers, Mr. and Mrs. L. Austin and Miss Austin, and Messrs. R. R. Wells, A. K. Spuler, Ed Walker, B. J. Daugherty, C. B. Stewart, H. H. Dittman, A. B. Lord, John Plotnicky, David Blakeney and A. S. Ames. The Sunday visitors were: Mr. and Mrs. C. M. Rice, Miss Mogford, Miss Margaret Rice, Winifred Mahon, Helen Mahon, Elizabeth Mancy, Florence Sheehan, Miss Hazen, Carrie Prince, Mrs. E. W. Robinson, and Messrs. W. E. Telford, C. J. McBride, Robert L. Osburn, Robert Osburn, V. M. Grady, G. H. Higgins, A. M. Primo, J. D. Mahoney, E. C. Haines, George H. Burns, J. P. McKenna, H. S. Mahon.

Sunday School Visitor.
A new field of endeavor for women has been opened up in Duluth since Rev. R. J. Mooney has engaged Miss Adela McClaren of this city as Sunday school visitor for St. Luke's and Holy Apostles' Episcopal Sunday schools. The duty of the Sunday school visitor will be to call upon the members, and any would-be members, to interest them and maintain their interest in the work of the Sunday school. In many cities the Sunday schools are managed in a manner similar to the public schools, paid workers devoting a great part of their time to the religious instruction of the children, and the Sunday school being made an organization as well planned as the regular day school. Mr. Mooney expects through his Sunday school visitor to reach a much larger number of the children of the West end and West Duluth.

If you were up early enough this morning you could skate down town on the frost. This is not put forth as a bit of personal experience, but the

W. H. Hoyt, Mrs. Michael Kelley, Mrs. W. A. McDonough and Mrs. F. L. Barrows were among those who left today to attend the thirteenth annual meeting of the Minnesota Federation of Women's Clubs, which will be in session Tuesday, Wednesday and Thursday of this week at Fairbault, Minn.

Personal Mention.

Mrs. Pascal Ware and little son left this morning for their home at Omaha, after spending the summer with Mr. and Mrs. E. C. Blanchard.

Miss Fanny Wagner and Miss Florence Bradley left Saturday for Boston, where they will attend Miss Wheelock's school during the winter.

Mrs. A. O. Smith of 722 East Fourth street left yesterday for Calumet, Mich., called there by the serious illness of her brother.

Miss H. Glauco of Sault Ste. Marie,

market man said it was so. He and one or two other people skated down themselves, so he ought to know. This is just preliminary to the statement that very soon the only vegetables that will be shown in the market will be those that come from a root cellar or a hot house. Those that are now grown out of doors, and are yielding a bounteous harvest, will soon be cut off by the same kind of frosts upon which the market man skated this morning. Make the best of it while you may.

Mich., who has been the guest of her sister, Miss Zenana Guck, of this city, has returned to her home.

POLICE ARE BAFFLED.

The Assaults of Albert Sullivan Have Escaped.

The assaults of Albert Sullivan, the guard who was bound and gagged at the Missabe ore docks Friday, seem to have made good their escape. Thus far the police have failed to locate the two men suspected of being implicated in the assault, although a careful search has been made. There is some doubt existing in the mind of Chief Troyer as to the two sailors having anything to do with the assault upon Sullivan. The affair is a very mysterious one and will probably never be solved. Sullivan has fully recovered from the effects of his rough experience.

THEY COME HIGHER NOW

Prices on Almost Everything in Food Line Are Up.
Living Costs More Than It Did a Year Ago.

If the statements of leading grocers and a comparison of prices now with those of a year ago mean anything, it costs more to live in Duluth today than it did on the same day a year ago.

There is no use denying it; it's a fact. "Prices of nearly everything in the food line are higher than a year ago," said Superior street grocer, when interviewed by The Herald today. "Fresh fruit has been scarce all summer and now dried fruit is up. Prices are higher than those of a year ago. And the same may be said to the entire line of groceries. Of course, there are a number of things upon which the price varies from week to week. They may be up this week and down next, but generally speaking, things are higher. The merchants pay more for the goods and the consumers must be charged more, in proportion."

The Food Trust.
So the trust that strikes nearest home to everybody, the "food trust," is sticking it into Duluth, as well as almost every other city in the country. For Duluth is not by any means the only city where a hue and cry about the increased cost of living is being raised. On the first of last May, the rental of the city announced an increase in rents for the coming year. That was the first gun in the present campaign for higher prices. A year ago, it was possible to get a 6-pound sack of patent flour for \$1.10 and now the same sack costs the consumer \$1.40. This increase, however, is due partly to the high price of wheat.

There was a short crop this year, due to an unfavorably season, and wheat prices have been away up. Creamery butter costs 30 cents a pound, whereas a year ago the same necessity could be procured for 25 and 26 cents a pound.

Milk costs something like 8 1/2 cents a quart. Remember the good old days when it was only five? The price of meat, despite that octopus, the Beef Trust, is about the same as last year. Some kinds are cheaper. Fuel costs just about what it did a year ago and little change is reported in the prices of shoes and other articles of wearing apparel.

The following tables give some idea of the prices of groceries a year ago and today:

Flour, per sack (40 lbs.).....1907, 1906
Sugar, for 100 lbs.....156 1/2c
Tomatoes, per can.....156 1/2c
Salmon, per can.....156 1/2c
Rice, per pound.....10c
Raisins, per pound.....10c
Cheese, per pound.....10c
Butter, per pound.....10c
Eggs, per dozen.....22c
Potatoes, per bushel.....70c

INSANE ALIEN TO BE DEPORTED

Luka Devic Will be Taken Clear Back to Austria.

United States Immigration Inspector William H. Dean and Attendant Sherman A. Padlock left for New York today in company with Luka Devic, who has been ordered deported to his old home at Krasno, Austria. Under a new rule of the department, the attendant will go all the way from Duluth to Austria, delivering the alien to the Krasno authorities. This is the first case where an attendant has come from Minnesota across the Atlantic. Devic was brought down from the range recently violently insane. As he has been in this country only about six months, having landed last April, he is eligible to deportation. As soon as he became a public charge the matter was taken up by the county authorities with Inspector Dean, who in turn reported the case to the immigration department.

An order of deportation was received yesterday. The deportation was made on the Lloyd line steamer Frederick der Grosse, which leaves New York next Thursday. It will be necessary for the attendant to go through considerable red tape in New York, securing the proper credentials, etc., in order that he may be sure of getting past the authorities on the German and Austrian borders.

THE POLICE COURT GRIST

Paul Asslin Not a Vagrant—Only "Paralyzed Drunk."

"I'm not a vagrant, but I was paralyzed drunk, yer honor," and gray haired old Paul Asslin stood up in response to his name in municipal court, Chief Troyer recommended that the charge of vagrancy be changed to "paralyzed drunk" in order to accommodate Paul and this was done. Paul was given ten days on the hill.

Alexander Johnson, a sailor, came in on the Gen. Garretson Saturday, and came uptown to get his teeth fixed. Alex forgot all about the teeth after indulging in a few drinks and had no money when arraigned for drunkenness this morning. The food you will get up on the hill will not injure your teeth," remarked Judge Windom when Alex told of the difficulty he was having with his grinders. Alex pleaded and sentence was suspended in his case.

Chris Kittens, a vagrant, stepped the bounds of sobriety Saturday and in consequence found himself arraigned with the grist of arrests this morning. Christ was given a three-day sentence or \$1 and costs and managed to find the money. Ed Thomas from Bayfield, Wis., started early Saturday to paint Duluth a color similar to that of his crop of stubby hair. He made all of the stubby hair, more or less, and was happy when captured in the act. The court sentenced Thomas to \$1 and costs or three days. Mabel King was gathered in Saturday night and put up bail of \$25. She

forfeited bail rather than face the charge against her.

MINNESOTA MAN IS PRESIDENT

Louis Betz Heads National League of Comptrollers.

A Minnesota man will head the organization known as the League of City Comptrollers for the next term. Louis Betz, city comptroller of St. Paul, having been elected at the recent convention held in Norfolk, which City Comptroller McCormick attended. Mr. McCormick returned Sunday, after an enjoyable trip in the East.

One of the things discussed and recommended at the convention was the creating of the office of industrial counsellor in cities, and the plan seemed to meet with the approval of a large number of those present at the convention. Several cities have recently taken up the scheme, and Chicago for one is having good success in boosting the city through the efforts of this officer. The office is an appointive one and the work carried on in harmony with that of the Commercial club and the chief executive's office. Literature is sent out, close touch kept with industries looking for a location, and the work of advertising the opportunities of the city conducted along aggressive lines. Mr. McCormick is of the opinion that such an office would be a good thing for Duluth, and that it could be worked along in harmony with the work of the Commercial club, thus giving the outside world more definite knowledge of what Duluth has to offer in the line of industrial opportunity.

STEEL EMPLOYEES ARE SATISFIED

With Stock Returns Under the Profit-Sharing Plan.

Iron Mountain, Minn., Sept. 30.—(Special to The Herald.)—The claim recently appearing in financial publications in the East that the employees of the United States Steel corporation who have become owners of stock under the profit-sharing plan are heavy losers as a result of the recent slump in stocks is far from being a fact. The present market price is around \$8 to \$9 a share.

The cost of subscription stock to the employees since the plan was perfected has been as follows: January 1, 1906, \$2.50; 1906, \$3.00; 1907, \$3.50; 1908, \$4.00; 1909, \$4.50; 1910, \$5.00; 1911, \$5.50; CITY BRIEFS

Repairs Are Finished.
Contractor Hugh Steele, who has had the repairing of the paving on Superior street under contract, has completed the work. Paving operations are progressing rapidly in different parts of the city, the past week having been favorable for the work.

Back From East.
President Tamm of the council has returned from the East, where he has been on business and pleasure combined, and will preside at the session of the council this evening.

Civil Cases on Trial.
The personal injury case of John Hollen against A. Booth & Co. has been on trial in Judge Cant's room, and the trial of the damage case of Klara Hutchinson against the South Shore road was started in Judge Egnon's room today.

Robert Case Settled.
The case of John A. Robert against school district No. 4 has been settled and dismissed from the district court, on stipulation of the parties.

Woman Sues Merchant.
Golda Somovitch, aged 34 years, has sued Joseph E. Fox, a Superior street retail hardware dealer, for \$100 damages for injuries claimed to have been received by the falling into the basement of the store through an open and unprotected hatchway in the rear end of the building. She alleges that she was sent to the store to buy a wash boiler and that while looking at the goods she stepped into the hatchway and fell, receiving severe injuries to her limbs and other portions of her body.

New Manager for Theater.
John E. Balch, who designed and installed the new Star theater in the News Tribune building, has found it necessary to give more of his time to other enterprises, which he has done, and has given the management to Charles A. Skelcher.

Original Swedish Movements.
Mrs. C. Van Vleck, 421 East Second street, Zenith, Minn.

Pastor Says Farewell.
Rev. H. W. Johnson, who resigned as pastor of the Plymouth Congregational church a month ago, preached his farewell sermon in the church, Fifty-fourth avenue west and Beloit street, last evening. The congregation was large and Mr. Johnson preached an interesting sermon on "Individual Christianity." Mr. Johnson will remove with his family to Washington, D. C., where he will take a rest before entering the ministry. He is in poor health at the present time. His successor as pastor of Plymouth church has not been chosen yet.

Work Is Progressing.
Work is progressing satisfactorily on the new Madison school on Garfield avenue and it is expected that it will be ready for occupancy by the holidays. It is being built to replace the structure, which was destroyed by fire last year. Except the kindergarten and B first grade pupils, the Madison school children are now attending the same school, Superior street and Seventeenth avenue west.

The Iron Ore Industry.
In Saturday's and Sunday's issues of the Chicago Record-Herald, William E. Curtis had articles on the development of the iron mining industry in Minnesota.

McKay May Be Enlarged.
McKay Bros., proprietors of the McKay hotel, are seriously thinking of adding two more stories to the building. The summer business has been so heavy as to make the addition seem necessary. Nothing definite in this direction has been decided, however, but there is a good chance that the improvement will be made.

Is Given Clerkship.
John Hanneberg, who has been in the carrier service at the post office for the past twenty years, has been transferred from that position and tomorrow will take up the duties of clerk in the mailing department. An additional clerk to be appointed by the postmaster for Oct. 1 was authorized by the government several weeks ago. Hanneberg's place will be filled by one of the substitute carriers.

BIG MONTH AT LAND OFFICE

Receipts Nearly Double Those of September Last Year.

Although the receipts at the Duluth United States land office show a falling off since last month the total receipts for September are nearly twice the amount for the same month a year ago. The total receipts for the month just passed were \$16,634.05. From the sale of public lands the amount of \$14,945.73 was realized. In fees and commissions \$1,239.03 was received and from the sale of Indian lands the office received the sum of \$458.29. The receipts for August and also July were \$20,000 each month, but last year the month of September was not much over \$8,000.

ILLNESS OF JUROR

Causes Postponement in Trial of Senator Borah at Boise.

Boise, Idaho, Sept. 30.—The illness of Juror Peter Neth caused the abandonment of the morning session of the trial of United States Senator William E. Borah today. Judge Whitson announced that he believed the case would go on this afternoon.

It is stated that Neth's indisposition is of a temporary character.

WORKED BY A CAT.

The Troubles of the Bushel Family at Suburbanville.

A small black cat, considerably worse for wear, isn't a very important thing in itself, but small things sometimes stir up a lot of trouble, as the Bushel family, lately of Suburbanville, N. J., and their ex-neighbors agree. If the Bushels hadn't had the cat they might still own the pretty place in the computers' Mecca that they occupied for two short months. Ten years from now they might still be owning it and occupying it in spite of the big rise in values that is coming when the proposed electric trains spin merrily through the tunnels now in the course of construction and cut down the running time to Manhattan by twenty minutes, says the New York Sun.

Mrs. Bushel might some day have

risen in society to the place to which she aspired, the presidency of the Bridge Whist club, and young Mr. Bushel might have entered politics via the Young Men's Democratic club and climbed his way to the governor's chair, even in Republican street. Who knows what might have happened but for the black and white moth eaten cat? This is how it happened.

The Bushels bought the Jones place in Suburbanville this spring and moved in on May 1. They came from Brooklyn, as everybody who saw the rubber plant carefully placed next to the driver of the moving van could tell at a glance. They had four valets of household goods, including three fine examples of Rogers' statuary, two heavy carriages and a parrot; also a black and white kitten which had lost its ambition as a result of association with Miss Bushel, aged 2.

Soon the grocers' boys told the cooks in the neighborhood that the Bushels bought green peas earlier than any one else and apparently were a very swell family. The cooks told the nurse girls before long and before long the neighbors heard the news. Mrs. Bushel always wore stunning gowns and Mr. Bushel came home every afternoon on the 4:35 train, which the neighbors figured to indicate that he was a Wall Street man. Also he always rode home in a hack, which meant prosperity.

The Bushels looked all right and Mrs. Fallon, who lived near by, had about made up her mind to call and extend a welcome to our city when the cat entered upon the scene.

The Fallons were enjoying the air on their front piazza one evening when they noticed Mr. Bushel skulking along behind their hedge headed for their garden. Mr. Fallon looked over, saw a hand rise over the hedge and deposit something black and white, which landed in the Fallon's back yard. Then, in the language of the novelists, Mr. Bushel stole softly away.

Mr. Fallon investigated. The black and white thing was the frazzled kitten and Mr. Fallon said things. "Thinks we're running a private little Bide-a-Wee home for shopworn kittens, does he?" he remarked to Mrs. Fallon. "Well, here's where he loses his own best bet."

And with that Mr. Fallon took the kitten by the scruff of the neck, walked through the front door and deposited the cat on the Bushels' back stoop. On his way home he stopped to tell the Williams family about it. "Shove 'rick," said Williams, "trying to dirty his cat hospital over on you."

"Sure," said Fallon, "he tried to throw the cat at Mr. Bushel and founced out. Bushel sighed. "Nothing to do but take it to the S. P. C. A. shelter in New York."

Fallon with Sherlock Holmes-like intuition, said, "I did," replied Mrs. Jenkins. "Let's see the kitten," said Mrs. Fallon.

It was the Bushels' kitten all right and Mrs. Jenkins was told about the cat, even in Republican street. Who knows what might have happened but for the black and white moth eaten cat? This is how it happened.

"She just took it an' slammed the door," said the domestic. "Let's see the kitten," said Mrs. Fallon. "Let's see the kitten," said Mrs. Fallon. "Let's see the kitten," said Mrs. Fallon.

"I know what I'll do," he said. "I'll hire a boy to take it away." So he found a youngster, gave him 50 cents and told him to assume responsibility for the cat's absence. That evening the front door bell rang and Bushel answered it. He found Mr. Brassie, president of the country club, who lived a block away. Mr. Brassie held the black and white kitten. He was angry.

"Here, take your cat!" he sputtered. "You've tried to unload it on half the folks in town and now, apparently, it's my turn. I know all about it. Neighbors have told me and the fact that you hired a boy to unload the animal on me doesn't make any difference. Here's your cat. Take it and keep it. It's a wonder some folks wouldn't have a few specks of common decency at least."

He threw the cat at Mr. Bushel and founced out. Bushel sighed. "Nothing to do but take it to the S. P. C. A. shelter in New York."

Some cats don't like to be starved. This one didn't, and so it happened that it jumped out and ran when the carriage was directly opposite the Jenkins house. Mrs. Jenkins saw the cat land and drew the obvious conclusion Bushel had thrown it out.

Mrs. Jenkins had ideas about cruelty to animals. She caught the kitten and complained to the police. The police delivered the cat to Mr. Bushel with a summons to appear in the local court and explain the abandonment. Mr. Bushel protested his innocence and de-

clared the best of intentions. The charge was dismissed, but the whole community heard of the case and everybody talked about "those Bushels" in anything but complimentary terms. The Bushels decided to keep the cat in view of the fact that they couldn't afford anything else, but they soon realized that they weren't popular in the community.

When Mrs. Bushel appeared on the street she imagined that the noses of all the women she met rose noticeably, and perhaps they did. None of the men Mr. Bushel met every day on the train nodded a good morning to him as they did to one another. The temperature dropped everywhere in the vicinity of the Bushel family.

Young Bushel tried to be proposed for membership in the Country club, but nobody could be found to put him up. Things ran along that way for a month until Mrs. Bushel could stand it no longer.

"John," said she to her husband, "the people in this town are mobs. I've been treated outrageously. Let's sell the place and move back to Brooklyn." "Amn," agreed the rest of the family, and even Mr. Bushel agreed that Suburbanville was a much overrated place.

So a "For Sale" sign went up on the property. Another family bought it and the neighbors watched the moving van carry away the furniture, the rubber plant and the Rogers statuary. That evening the Fallons heard a meowing at their back door and there they found a legacy left by the Bushels. It was the black and white dilapidated kitten. It cost Mr. Fallon 25 cents for chloroform, enough to close the incident, and there's peace again in Suburbanville. Last week the new mistress of the Bushels' old house joined the bridge club.

HOW MOUNTAIN SHEEP LEAP.
Soon after we started, a black bear ran along the foot of a cliff and past a bunch of mountain sheep up on the cliffs, following one of them to the edge, writes D. C. Beaman in the Denver Post. It was a big ram and when he got near the edge of the cliff he came to bay, and for several minutes stood off one of the fox terriers which had kept close to him. Pretty soon a foxhound got on top and joined the terrier, and they both made a charge on the sheep and it looked pretty bad for him, as we thought, but he did not seem to think so, for he made a sideways spring straight to the edge of the cliff, and then spread his feet in a sort of bracing way, and with his body in perfectly horizontal position and parallel to the face of the cliff dropped straight down to the foot of the cliff. This is an old theory that mountain sheep in jumping from a cliff light on the horns, but that has long been exploded.

However, many have supposed that they jumped down in the ordinary way, alighting first on their front feet. This, I believe, is also an error, except when the distance is slight. Where the distance is at all great, I now entertain

no doubt that they light on all their feet at once, and as squarely as if standing still, just as this one did. The position of this sheep when dropping was stiff-legged, but the instant his feet touched the ground his joints gave way, with increasing resistance, however, acting as springs, until his body almost touched the ground, before the force of the impact was overcome by the muscular resistance. The philosophy of this is obvious.

The hoofs of the mountain sheep are also heavily cushioned and are about as elastic as a rubber ball. There seemed to be no more far when this sheep lit than if he had descended but two or three feet. He was up and away instantly, and was soon out of reach of the dogs, which couldn't think of making the jump.

A short distance to the left of where the sheep stood the cliff sloped off so that he could have descended to the foot of it easily and without a leap of more than four or five feet, but the dog kept after him. This was a bit of knowledge, but this was pretty good. I went up to the spot afterward and measured the height of the cliff as accurately as possible and found it to be between twenty and twenty-five feet. From the ease with which he made it I should think he could almost double the distance without injury.

Mr. Smith and myself were on the opposite side of the gulch, about 200 yards away, and saw the whole performance, which lasted several minutes. It was the finest exhibition of animal agility I ever saw or expect to see. How far a sheep can jump, or rather drop, and not hurt himself, I do not know, but this was pretty good. I went up to the spot afterward and measured the height of the cliff as accurately as possible and found it to be between twenty and twenty-five feet. From the ease with which he made it I should think he could almost double the distance without injury.

HOW WHEN WHERE TO PURCHASE BY MAIL

Watch the advertisements in The Herald each day. Write your order plainly and make clear the goods you want. Give the date of the issue in which the advertisement appeared.

Write to the advertiser at once. Prompt response will give you as good a chance to "pick up" bargains as the shopper who lives in Duluth. Do not wait.

Buy of the merchants who advertise—they are reliable—there is no risk. They have departments whose entire attention is given to mail orders. Experts make the selections and oversee the packing of the goods. Delivery is prompt and sure.
